PRAVEEN KUMAR D

Python Full Stack Developer

Tamil Nadu, India | +91 9025945924 | pkumard398@gmail.com

LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Python Full Stack developer specializing in REST APIs, automation, and end-to-end web applications, with hands-on experience building production-style systems using Django, DRF, and FastAPI on the backend and HTML5/CSS3/JavaScript on the frontend. Comfortable across MySQL/PostgreSQL, Docker, and AWS EC2, with a portfolio of self-directed projects covering API design, third-party integrations, and workflow automation.

TECHNICAL SKILLS

Languages: Python, SQL

Backend: Django, Django REST Framework, FastAPI, Flask, REST APIs, JWT Authentication

Databases: MySQL, PostgreSQL, MongoDB, Firebase

Automation & Scripting: Selenium, CSV/Excel processing, task scheduling

Tools & Platforms: Docker, AWS EC2, Git, GitHub, VS Code, Postman

AI Tools: Claude Code, Codex, Antigravity

Core Competencies: Object-Oriented Programming, Data Structures & Algorithms, API Integration, Unit Testing, CI/CD Fundamentals, Agile Development Practices

WORK EXPERIENCE

Frontend Web Development Intern | *Code Alpha* Apr 2025 – May 2025

- Completed a structured frontend development internship, building responsive UI components and gaining applied experience with HTML5, CSS3, and JavaScript in a professional workflow.

FEATURED PROJECTS

WhatsApp Automation Platform | *Python, Selenium, FastAPI, MySQL, Docker*

Live: wa.tamix.in

- Built a Python automation platform designed to handle scheduled bulk messaging reliably, including retry logic for failed sends and delivery status tracking.
- Implemented CSV/Excel contact import, personalized message templates, delivery tracking, and a campaign analytics dashboard using FastAPI and MySQL.

E-Commerce Platform (Backend) | *Python, Django REST Framework, PostgreSQL, Stripe API*

- Built RESTful APIs for product management, cart, checkout, and order tracking with real-time inventory updates.
- Integrated Stripe payment processing for secure, end-to-end checkout, including webhook handling for payment confirmation.

AI-Powered Student Enquiry Chatbot | *Python, NLP, FastAPI*

Live: student-chatbox.lovable.app

- Developed an intelligent chatbot using natural language processing to automate responses for admissions, courses, fees, and schedules.
- Designed intent-matching logic to autonomously handle common inquiry categories, reducing manual support workload.

Personal Portfolio Website | *HTML5, CSS3, JavaScript, EmailJS*

Live: praveen.tamix.in

- Designed and developed a responsive portfolio site with smooth animations, dark mode UI, and contact forms, optimized for mobile and desktop; deployed via GitHub Pages.

TRAINING & CERTIFICATIONS

Python Full Stack Development Trainee | *Besant Technologies* Feb 2026 – Jul 2026

- Completed an intensive 6-month Python Full Stack Development program covering Django, REST APIs, and relational database design.
- Applied concepts through hands-on project work, translating coursework directly into the production-style Python projects above.

Additional Certifications:

- Web Development Frameworks & AI Tools — Alpha Tech Academy

EDUCATION

B.Tech in Information Technology — 2026

Sengunthar Engineering College (Autonomous), Tiruchengode, TN | CGPA: 8.19
